STAT

Your letter of 4 April directed to Lt. Gen. Vernon A. Walters or the Director of Employment was referred to this office for reply.

We have carefully examined our personnel needs in the various offices of the Agency but have found no opening in which we could utilize the qualifications you have made available to us. This is certainly no reflection on your qualifications but is because we have very few vacancies in the Agency, and thus we cannot hire many good candidates who apply with us. We do not expect any change in this situation during the next twelve months.

We appreciate your interest in working with us and regret that our employment situation does not permit us to take favorable action on your application.

Sincerely,

STAT

To Lt.Gen.Vernon A. Walters or Director of Employment:

Sir,

I would like to apply for employment with the Central Intelligence Agency in order to become part of an agency which is responsible to the U.S. Government, that provides it with centralized and coordinated information both technical and tactical to protect U.S. Governmental communications and security. I would enjoy working to organize, operate and help manage facilities to gather information on foreign governments and intelligence.

I feel that my degree in Political Science and knowledge of other areas would suitably qualify me for a bureaucratic or field position within the Agency. If this application is accepted you may obtain a more detailed credential file from the
